

# 2020 WORLD CONFERENCE SILENT EMBRYO AUCTION

Concludes Wednesday 22nd January, 9.00pm

International Dairy Week, Tatura VIC

# foreword

Welcome to the 2020 World Ayrshire Conference Silent Embryo Auction. An Auction that will be held over 10 days and a wonderful chance to buy into some of the great Ayrshire cow families from throughout the World.

Australian Ayrshires have compiled a list of 15 outstanding embryo packages from 13 World Class dams by the best sires available in the Ayrshire World today.

Entries have been offered from 5 Countries with embryos being available to be exported to many, if not all countries of the world.

The dams of these embryos are classified up to EX 94, have broken Milk Records in their respective Country, have sons in AI and have won some of the biggest shows in the world. This is a great opportunity for anyone to get some of these outstanding genetics into their own herd.

It has been organized that not only can you bid on these Lots live during the World Conference, but everyone in the Ayrshire World will also be able to bid via the Embryo Auction Facebook page with immediate updates as bids change.

Many years ago I read an Ayrshire brochure that was titled "The Sun never sets on the Ayrshire Cow". This Embryo Auction could also have the same title as the Lots are from all corners of the World and breeders from all over the world can participate in this auction.

This auction will create a lot of interest during the Conference (especially at the end).

I would like to take this opportunity to thank all Vendors for submitting such wonderful pedigrees and good luck with the Auction. I also wish all bidders good luck to be successful purchasers and to those purchasers all the best with the embryos that you buy.

Greg Edmonds,  
*World Ayrshire Federation President*
